ADD VALUE TO YOUR
HOME?**

WORKING WITH CHILDREN

Find something they love. That is the secret, get on their level and relate to them. It can be anything, food, basketball, dolls, teddy bears, dresses, or school. Be in their world. Let them dress as their favorite character and roll with it. What comes from this can be quite extraordinary.

My specialty is photographing people exactly like they have always dreamed of. I bring out their true personality in the photo. The result is nothing short of amazing. Why? Because they feel like they are in their element. They feel true to themselves and carefree. It takes knowledge and skill to pose and light them in an appealing way, sure. But if you have them happy, you are halfway there.

We love doing themes also. We will run promotions periodically where we introduce a specific theme and book session for that. We have all the costumes and props on hand so this is a good time to come in for a beautiful portrait and not have to go out and find an outfit. We create those treasured memories that last a lifetime and beyond.

You are welcome to bring your own costumes for portraits any time. We just offer a few in studio and from time to time do special events where we offer a certain look.

PRICING

Creative fee \$175

This includes your consultation, planning your look, wardrobe guidance AND/or use of the outfits in studio. This price also includes your reveal appointment.

We invite you back next day to view the images and make your selections for a portrait or album order.

Fine Art Portraits start at \$150

SENIOR STYLE.

Celebrate Every Moment.

Seniors. It's a whole different world! No matter the age, you can always see them as little, fascinated with the world, full of giggles, right? Well now, they have grown into their own, making most of their own decisions, all grown up. It is time to make a celebration out of every moment you still have with them.

Pretty soon, their next stop is COLLEGE!

Send them off with the full confidence they get with a full makeover photoshoot. We take a variety over various downtown locations. Some of the photos will be more traditional so that they can be used in the high-school year book. Let us know ahead of time so that we can have them ready by the deadline.

We are sure to make their personality shine through!

Frenzy*

**Outdoor
portraits are
perfect!**

We have some wardrobe options in studio for young girls. There are dresses sized from 18 months to 6 years old. Women's sizes are small, medium, large and extra large.

What to wear?

When creating the perfect portrait, the outfit choice is very important. Don't choose something so busy that it takes away from the subject. Choose flattering colors that are not too bright. Neutrals are always my favorite as well as the classics like grey, black, beige.

We can plan out your entire wardrobe! Just email me photos of your options and I will be glad to help.

If you have props or family heirlooms that you want to include in your bespoke portrait, let us know ahead of time so that we can create the most memorable keepsake for you!

Keep in mind we have many selections of beautiful gowns and flower crowns for mom in studio, as well as wraps and fabrics for your baby.

FAMILY HEIRLOOMS

Mother and child portraiture is a speciality here. Some mothers do this as a just because – a fun mother and daughter or mother and son dress up portrait. Others choose to do a gorgeous portrait session to celebrate a pregnancy while also preserving precious memories of the older sibling. What a great way to show them you are still going to be there for them when the new baby arrives. It's a beautiful memory of your time together with them as the only child. Your first baby.

CHILDREN'S PORTRAIT

Whatever your need may be, mother and child portraits or treasured memories of your child by themselves, we will make that vision a reality. Ask about our custom setups for Christmas. We offer these for about two weeks in November each year.

Our portraiture is exceptional quality that will live in your family for years and years to come. It is intended that these portraits be passed down through the generations.

They will warm your walls and serve as your family masterpiece for all to cherish.
